# Insights Exchange Webinar Series: Board-Physician Relationships

PRESENTED BY THE GALLAGHER INTEGRATED GOVERNANCE ROUNDTABLE | 6.7.2017

# Webinar 3

## Board-Physician Relationships

Today we will explore:

why physician-board relations are so important in an age of population health and accountable care, common obstacles to extraordinary board physician collegiality, and practical strategies to build trust and collaboration.

# Please Welcome our Guest Speakers

## Ken Ackerman

Mr. Ackerman brings a distinguished career in health care administration that encompasses management of hospital-based multi-specialty medical group practices and acute care facilities. He is an acknowledged expert on board governance, executive and physician compensation, and issues involving governance of integrated delivery systems and medical group practices.

Mr. Ackerman brings extensive experience working with boards to improve governance performance.

## Bill Jessee, M.D., FACMPE

Dr. Jessee is one of the nation's leading experts on physician services management and hospital-physician integration. In particular, he is skilled in the development and implementation of strategies for creating aligned economic interests among physicians, hospitals and payers. He is also widely recognized as an expert on health policy issues and the role of governance in quality improvement and patient safety.

He holds an academic appointment as Clinical Professor of Health Systems Management and Policy at the University of Colorado School of Public Health.

## John Combes, M.D.

Dr. Combes recently Chief Medical Officer and Senior Vice President at the AHA and the President of the Center for Healthcare Governance, an AHA affiliate organization. He also lead the AHA's Physician Leadership Forum providing education, tools and information to encourage physician leadership development. Dr. Combes has served as Senior Fellow at The Hospital Research and Education Trust, focused on quality and leadership issues in Patient Safety, End of Life Care and Clinical Performance Improvement.
